### Iran Threatened After Gates Bilderberg Visit

'Following Defense Secretary Robert Gates and Condoleezza Rice's visit with the Bilderberg Group this past weekend in Chantilly, during which they urged European globalists to support an attack on Iran, the EU and the US today threatened Iran with further sanctions.

Despite the fact that most Europeans at the Bilderberg conference expressed their opposition to a military strike, war drums are beating louder today after the combined US and EU threat, in addition to revelations that Israel has set up a special unit within its air force to manage an air strike on Iran.'
