### We're Doing It!

At 2.45am this morning and this afternoon the David Icke video presentation 'Big Brother - The Big Picture' was the most watched video on Google in the UK and by this afternoon it was the fifth most watched Google video in the world.

David's video from 1996, 'Turning of the Tide', in which he describes the world that we are now experiencing was the fifth most viewed in the UK.

This is why David stood in the Big Brother By-Election, to communicate information, not to win votes. And we can do it without the mainstream media.

Please keep circulating the videos to everyone you know and ask them to do the same. This is making a difference and everyone can play a part in that.

Just direct people to this page ... <http://www.davidicke.com/content/view/14373/48/>

Thank-you.
