David Rockefeller Admits Treason Against US

"For more than a century ideological extremists at either end of the political spectrum have seized upon well-publicized incidents such as my encounter with Castro to attack the Rockefeller family for the inordinate influence they claim we wield over American political and economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure--one world, if you will.

If that's the charge, I stand guilty, and I am proud of it."

-Quotes from David Rockefeller's Memoirs (Random House, New York, 2002) Chapter 27, pages 404 and 405
