Rome Conquers Judea

Promises Peace For All

"Great act buddy, everybody's buyin' it,

keep it up, the General will give the signal."

"Here are the codes for your new Swiss account, thanks for all the help, say hello to the fellas at the Islamic-Masonic-Shriner-Freemason lodge. The Jesuit Superior General (Peter Hans Kolvenbach) says thanks, he put a little extra in there for ya. You know,.... you and the General kind of look like brothers... "

"We shall mercilessly pit the enemies of Rome against each other, and enslave the survivors with debt.. We will tax every man, woman, child, beast, plant, mineral, manufactured good, and all services under the sun.. We are currently training the Chinese Army for Operation World Inquisition.. Governors, make ready the work camps, and think of the resources to be saved on shipping when we have slave labor camps in the United States.. I want to thank the leaders of the United States for being so willing to allow us to silently prepare for the slaughter of their people.. Don't be alarmed when a Chinese soldier comes to drive your family and your Sports Utility Vehicle to the local interrogation center.. We will kick off Operation World Inquisition in Afghanistan, then on to Palestine,"

The "Black Pope" Superior General Peter Hans Kolvenbach aka "The-Unknown-Superior" of the Masonic Lodges, below are two of his governors..

Heil Caesar!

The flag in the middle is Israel's "national emblem" and bears the menorah as depicted on the Arch of Titus in Rome built after Judea was conquered by Rome around 70 BC.. Rome was happy because Israel was a rich shipping center, and now Rome could tax this source of revenue.. The two olive branches represent King and Priest just like Masonic pillars.. Roman governors pretending to be ~of the people~...

During his meeting the pontiff blessed Israel, an act seen by many Israelis as final church recognition of their state. Photo by Pier Paolo Cito (AP)

Looking thrilled to see Caesar in their land again...
