Staged Synchronicities

'The "CIA"-controlled mass media through their fictional TV, radio programs and movies like to subtly foreshadow particular political or social events of the future. They are able to do this because both are scripted and premeditated in advance to occur, either through paid conscious agents or surreptitious methods, such as hypnotism, psychotropic drugs etc.

When a united cabal owns and controls the entire political, economic, educational and corporate entertainment/media system, then it is not too difficult to plan the future beforehand.'
