Reptilian Experiences

'I have been a victim of alien (demons?) abduction since 1992. I would describe my attackers as being humanoid in appearance, but at the same time having reptilian characteristics, tall, very dark, almost black and very evil looking. The attacks are horrendous. During each attack I am sexually assaulted in many perverse and sadistic ways. My attackers also feed on me. By feed, I mean they actually consume my life force (spiritual energy). They are life force vampires (spiritual vampires). I cannot overly stress the importance of that. They also take biological fluid from me that they later consume.'
