ALICE IN WONDERLAND MEETS RICHARD WARMAN

Richard Warman works for the Canadian government as a "human rights lawyer" and yet seeks to take away the right of free expression for those he targets and the right of the people to choose what they will and will not hear.

So he's a hypocrite then?

Oh no, no, you can't say that - I'll sue.

Richard Warman of the Ontario Green Party has targeted a series of people, not just David Icke, to stop them speaking at public events or having the right of free expression on the Internet, and the right of the people to hear whatever they choose.

So he's a censor, then?

Oh no, no. You can't say that - I'll sue.

Richard Warman wants David Icke's public talks banned, to prevent him being allowed to enter Canada, and his books to be seized and incinerated.

So he's a censor, then?

Oh no, no. You can't say that - I'll sue.

Richard Warman wants David Icke's books banned and burned and his right to speak in public denied - "What benefit can there be in allowing him to speak?"

But didn't the Nazis use the same methods of denying free expression and burning books that challenged the Nazi "philosophy"?

Oh no, no. You can't say that - I'll sue.

NO, WE'RE NOT KIDDING.
