The Great Global Warming Swindle

I saw a rare piece of outstanding journalism last night with a documentary on the UK's Channel 4 that demolished the official story of global warming with scientists who exposed the lies peddled by the scientific establishment and the intimidation of those who refuse to support the official line.

As I said in my newsletter two weeks ago, global warming is caused by changes going on with the SUN. The claims about carbon dioxide are part of a gigantic fraud to impose more taxation and control.
