Michael Chertoff's Star-Crossed Past

'Very few Americans, not directly affected by this man of many faces have no idea, of who really directs the duties of the 180,000 government employees in DHS: Duties that this man now holds in his stained and conflicted hands. It seems that the variety of controversies which have paralleled Michael Chertoff's meteoric rise in government have been allowed to languish in the shadows for far too long. If the public does not soon become familiar with who their Director of Homeland Security really is-then they may live to regret that oversight.'
