Behind The Painted Smile

Mr. Icke,

I just wanted to write to you, and thank you for the wonderful work that you continue to do. I have read many of your fantastic books, and I believe you! I have had the horrible experience of witnessing a shape shift. In 2003, while watching one of George W. Bush's terrible State of the Union speeches, I saw Mr. Bush's face shift. Mr. Bush's face became transparent, and seem to move to one side. I saw what looked like something out of the movie Jurassic Park!!

At the time that I saw this happen, I was chatting on the telephone with my very good friend. I began to scream in my friend's ear " Oh my God, did you see that?". My friend said "What did you see?". I said, " I just saw George Bush turn into a F-ing lizard!! What the hell is going on? My friend didn't miss a beat, and said "You have just seen the 'real' George Bush!! My friend told me, that George Bush and his dad are not from earth, and there are many other people here just like them.Well, you could have knocked me over with a feather!!

I have always been highly clairvoyant, and have seen UFO's in the night sky since I was a young girl. Mr. Icke, your books and website have fully awakened me to the truth! I will continue to support your work, and inform anyone and everyone that will hear the info that I have learned from you and others.

Very sincerely yours,

Donna
